# BENEFITS

ON SUCCESSFULLY COMPLETING THE COURSE, STUDENTS WILL BE ABLE TO:

Perform an audit as per the requirements of ISO/IEC 27001:2013 standard

Understand key elements of the ISO 19011 and ISO/IEC 17021 Standards

Be familiar with key environmental issues

Plan an audit against a set of audit criteria

Successfully execute an environmental management systems audit

Understand the differences between QMS and EMS audits

Create clear, concise and relevant audit reports

Communicate the audit findings to a client

The course uses a mixture of taught sessions, interactive group discussions, exercises, continuous assessment and examination to achieve its aims. The practical exercises are based upon a fictional company. However, the procedures, work instructions and data are typical and could relate equally to many different enterprises. The practical exercises have been carefully designed to focus on issues that commonly arise during Information Security Management system audits.
